

Pharmacies are my only affordable alternative if you
To the FDA: are going to block me from being able to take

RE: DOCKET NO. 98N-1265 care of myself then kindly ~~allow me access to euthanasia.~~

I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MOU must be amended!

Signed: Donna Rodgers

State of Residence: Texas

Comments: The only help I receive for my
Chronic Fatigue Syndrome - is from
especially compounded preparations I inject
the regular drugs, companies, the federal gov't
the mainstream medical community are either ignorant
or not interested in this problem probably because of their
non greediness this is a very expensive process the compounding
over
